The IT Product identified in this certificate has been evaluated by an accredited and licensed evaluation facility using the Common Methodology for IT Security Evaluation v3.1 r5 for Conformance to the Common Criteria for IT Security Evaluation v3.1 r5 (ISO/IEC 15408). This certificate applies only to the specific version and release of the product in its evaluated configuration and in conjunction with the complete certification report. The evaluation has been conducted in accordance with the provisions of TSE Common Criteria Certification Scheme and the conclusions of the evaluation facility in the evaluation technical report are consistent with the evidence adduced. This certificate is not an endorsement of the IT product by TSE CCCS or by any other organization that recognizes or gives effect to this certificate, and no warranty of the IT product by TSE CCCS or by any other organization that recognizes or gives effect to this certificate, is either expressed or implied.
