1. Introduction

The IT product identified in this report was assessed according to the Assurance Continuity: CCRA Requirements, version 2.1, June 2012 and the developers Impact Analysis Report (IAR). The baseline for this assessment was the Certification Report, the Security Target and the Evaluation Technical Report of the product.

The certified TOE is:

- “NATEK Network and System Manager NATEK NSM GUI v2.4.1 with NSM SERVER v2.3.9”

The changed TOE is:

- “NATEK Network and System Manager NATEK NSM GUI v2.4.1 with NSM SERVER v2.3.9”

2. Description of Changes

The change to the certified product is a change that has no effect on assurance. The identification of the maintained TOE is indicated by the same version number with the certified product.
