Certification No.	C0090
Certification date	2007-03-22
Name of TOE	Security Threat Exclusion System SHIELD/ExLink-IA
Version of TOE	1.0
TOE category	IT Product (Security Management Software)
Supplier	Hitachi Information Systems, Ltd
Contact	Name: Yuji Motokawa Division: Security Solution Department Tel: - E-mail: y-motokawa@hitachijoho.com
Conformance claim	EAL1
PP conformance	None
Evaluation Facility	Japan Electronics and Information Technology Industries Association, Information Technology Security Center (JEITA ITSC)
Description of TOE	This product is a network management software that collects security logs from monitored FWs(*1) and IPSs(*2), sends them to SOC(*3) for analysis, and changes the FW's settings based on the instructions from SOC. (*1) abbreviation of Firewall. Network server that protects internal network resources from external network. (*2) abbreviation of Intrusion Prevention System. Software tool that prevents unauthorized access to server and network. It extends a function of IDS to detect unauthorized access, and take countermeasures such as blocking connections in real-time when detected. (*3) abbreviation of Security Operation Center. Facilities that receives security logs from SHIELD/ExLink-IAs and maintains an application software called "i-Monitor" to issue instructions to change FW's settings to SHIELD/ExLink-IAs.
