

AISEP ENDORSEMENT STATEMENT
Stateful Traffic Filter Firewall collaborative Protection Profile
Version 1.0, dated 26 January 2015

1. The Australasian Certification Authority (ACA) formally endorses the *Stateful Traffic Filter Firewall (STFF) collaborative Protection Profile (cPP) Version 1.0* date 26 Jan 2015.
2. The ACA recognizes a need for evaluated devices that are suitable for the use cases identified in the STFF cPP. The ACA believes that the STFF cPP meets the intent of the ESR and considers the Security Problem Definition and resulting Security Functional Requirements appropriate for the intended use cases.
3. The ACA reserves the right to revisit its position at any stage throughout the lifecycle of the STFF cPP.
